EXPERIENCE

RITZ MEDIA WORLD

(January 2026 – Present)

1. Ritz Media world

Live URL: <https://ritzmediaworld.com/>

- Developed a full-stack web application using Next.js, contributing to both frontend and backend development.
- Designed and implemented a responsive user interface, ensuring optimal performance across multiple devices and screen sizes.
- Built and managed backend functionalities, handling API integration, server-side logic, and data flow.
- Worked with and optimized the existing MySQL database, including query handling, data management, and performance improvements.

2. Sanskar

Live URL: <https://sanskarrealty.co.in>

- Developed a full-stack real estate web application using Next.js (Frontend) and Node.js (Backend) with MongoDB database.
- Built a fully responsive and user-friendly UI/UX, ensuring smooth performance across all devices.
- Implemented an interactive animated gateway (welcome screen) to enhance user engagement on page load/refresh.
- Designed and integrated secure REST APIs and performed full CRUD operations for managing user data and form submissions.
- Developed an admin dashboard with role-based authentication, providing different access levels (Super Admin – full access, Admin – form management, Editor – blog management).
- Integrated CRM functionality by connecting forms to external CRM systems for efficient lead management.
- Implemented brochure PDF download with local storage for quick access.

2. Novavistaeducation

Live URL: <https://novavistaeducation.com/>

- Developed and deployed a responsive education website, ensuring seamless user experience across desktop and mobile devices.
- Implemented structured navigation and optimized UI to effectively present courses, services, and user engagement features.
- Integrated modern web technologies to enhance performance, accessibility, and overall site usability.

3. SayaHomes

Live URL: <https://sayahomes.com/>

- Developed a responsive and engaging web application with focus on clean UI/UX and performance optimization.
- Implemented GSAP animations for smooth and interactive UI.
- Integrated and managed multiple forms (Contact Us, Enquiry, Careers) with controlled access and secure data handling via admin panel.
- Designed and developed backend using PHP and MySQL, ensuring efficient database management, server-side processing, and secure handling.
- Deployed and managed project using FileZilla (FTP) for server upload, configuration, and live maintenance.

STARX AI TECHNOLOGY

(May 2025 – January 2026)

1.Trinity-NetWork (Telegram Mini App)

Live url: https://t.me/Trinity_Network_Bot

- Developed a Telegram Mini App integrated with the TON Wallet to enable seamless in-app transactions.
- Implemented Click Power and Auto-Tap earning systems with booster functionality, enhancing user engagement and maximizing coin generation.
- Designed a 30-day free plan allowing users to earn T Coins, along with a 30-day premium streak feature enabling users to earn both T Coins and Tix Coins through daily streak claims.
- Created a Leaderboard system displaying the Top 10 users based on total earnings to promote competitive interaction.
- Built a multi-level referral system to reward user engagement.
- Integrated an AI-based chat earning feature, enabling users to earn coins through chat activity.
- Implemented task-based earning functionality allowing users to complete missions and receive T and Tix coin rewards.
- Designed a wallet interface displaying separate sections for Chat Earnings, Game Earnings, and Overall Earnings to enhance transparency and usability

NEXTHIKES IT SOLUTIONS

(Sep 2024 – May 2025)

3. Talktoguruji

Live URL: [Talktoguruji.com](https://talktoguruji.com)

- Most of my work is on the frontend and also involves the API integration part.
- Collaborated with back-end developers to integrate APIs and ensure seamless functionality across platforms.
- Most of my work is on the frontend and also involves the API integration part.

EDUCATION

(April 2022 – April 2025)

Bachelor of Business Administration From MAHARSHI DAYANAND

- UNIVERSITY Location- Rohtak-124001, Haryana (INDIA)

CERTIFICATIONS

- Agile Competition
- 4 Achievers Mernstack
